A NEW, EASY AND FRIENDLY WAY TO USE YOUR MOBILE PHONE  
**IT TALKS TO YOU!**

Mobile phones are used to talk, and now they can talk to you! They are equipped with many features that, until now, were not readily accessible. Now you can have a mobile phone that talks to you, facilitating your communication with others.

You can hear who is calling you! Hear the messages that you receive, and those that you want to send prior to sending them! Access all the functions of a conventional mobile phone with greater ease, because now.....it talks to you!!!
